

Parking and Directions to the Mackenzie Room in the Huang Building

 **Ortega Garage** (285 Panama St.) On the corner of Via Ortega and Panama Street is a multilevel parking structure with meters on Level 1. Enforcement is from 8:00 AM–4:00 PM M–F.

Once you exit the parking structure on Via Ortega, walk towards the building directly facing the parking structure, which is the Jerry Yang and Akiko Yamazaki Environment and Engineering Building (Y2E2). The Huang Engineering Center is located directly behind Y2E2 at the end of the colonnade.

 **Underground Roble Field Garage** (519 Via Ortega): The garage sits beneath the green Roble Field. Enter it from Via Ortega. It's a five-level parking structure with visitor parking at lower level 1 (LL1). Once you exit, walk very shortly on Panama Mall and then take a right on Via Ortega.

For information on visitor parking, click [here](#)

Address to the **Mackenzie Room**:

Jen-Hsun Huang Engineering Center
475 Via Ortega, **Room 300** (3rd floor)
Stanford, CA 94305

The Huang Engineering Center has an octagonal rotunda (see pic below) and occupies the South East Quadrant of the Science and Engineering Quad. The Mackenzie Room is on the 3rd floor of the rotunda.
